Exhibition Hall

Many New Exhibitors—Large Quantities of Vegetables—Grange Exhibits and Fancy Work

The attractive appearance of the Exhibition Hall, with its decorations of flowers, etc., seemed to be an invitation to enter, and the hall was well worth seeing. Some of the old exhibitors were not there but their places are filled with new ones, and in looking them over and summing them up, it would seem there were more than usual.

Cressey & Allen of Portland occupied the large central booth opposite the main entrance, and they entertained the crowds with music on either, the piano, piano player, victrola, orthophonic and wind instruments. Early Tuesday afternoon, the young men in charge, who represent the second generation of Cressey family, summoned Mellic Dunham, who strung up the fiddle to "match" the orthophonic, and while the records that Mellic made were reproduced, Mellic fiddled the crowd, and if there had been more room, there would have been a dance right there. As it was, many feet could not keep still.

Charles D. Moss of Portland was on hand as usual with his gift shop and everything could be found there for novelties and past care. P. R. Robinson of Wellsview made gold wire jewelry, all handmade. R. P. Skeetop, whose summer residence is in Scarborough, was in his accustomed place in the 25th booth. He also had many new baskets along with his old standards. He has made many friends along with the years, who are sorry to see him getting about with the aid of a cane. He is in a hospital the past winter, and his health is not the best. However, he was glad to see his friends. He had a basket his mother made fifty years ago for a friend in Bridgton and he had many new baskets along with his old standards. L. M. Longley & Son occupied a double booth, showing in one corrugated roofing and in the other, the National heaters.

The Fro-Joy ice cream occupied a large booth, and also Dr. Sawyer's goods. "Puddles," a new concoction of five flavors, was a novelty in the candy line. The man in charge showed you how it was puffed. The idea was introduced from the West. The Universal Society of Norway occupied their same place and catered to the hungry at any and all times of the day. They served sandwiches, hot coffee or tea, doughnuts, all kinds of pies, etc.

The Societe made was one of the popular persons in the hall. Lonzo Cox of Neoga, Ill., was the artist, and his "pictures" are really marvelous. The work is all free hand, cut out with the scissors, and there you have it, about a minute. He made a reproduction of the correspondence while she was writing his booth, and looking at his former subjects. Sam Albert has a booth carrying bill-folds and other leather goods. Mrs. J. B. Emery showed the Rawleigh Health Products.

Henry Johnson served Fro-Joy ice cream in a small booth. Mrs. Alice Wiegman was at her usual place, and featured her homemade fudge. She served Turner Center ice cream, Rumford Bottling sodas, homemade apple pie, ice cream and all kinds of smokes.

Mr. and Mrs. Norman H. Greener had an attractive booth, showing the products made at the Greenlaw shop in Norway. This is a new line, and was the first time these novelties have been displayed. Many new ideas in novelties, all made of wood, for the children, and something practical for the grown-ups, like book ends and door stops "that match."

Among the toys, he is featuring the Mosher Dux toys, along with original ideas. Another attractive article he is making is a table, a reproduction from the ancient.

A. E. Millett of Portland was selling Wood's Pain Killer for rheumatism and other ailments. His grand old father was a full-blooded Indian and originated the formula.

E. Ray Frost occupied a large space with a full line of lawn decorations, bird suits in many designs, a drinking fountain and the Ute Sun letter box. A Martin house, made like a church, was given away to the holder of the lucky number. Each person making a purchase, received a number and these were drawn later in the week.

W. J. Wheeler Co. of South Paris, occupied their usual corner, with pianos and victrolas.

J. F. Blaisdell of Auburn told of the men of Grandin's feed for animals and poultry. He had people guessing, when he labelled a box "Don't feed the hairless dog." The curious looked inside the box and there was a frankfort ("hot dog") with toothpick legs and a ribbon about its "neck."

The Red Feather Farm, Harry W. Goodwin, Norway, showed a case of day old R. I. Red chicks, in which he special-izes every year. There was a big family and the children were much interested as they scratched for Grandin's feed among the shavings that served as litter.

Howard Shaw, South Paris, showed the Atwater Kent and Majestic Radios, all electric attachments.

Around the corner was a gift shoppe, carrying souvenirs and novelties and handmade buttonieres.

The case of home cooked food was very attractive this year, with the shelves well filled against very little last year. Mrs. Ethel Dunn had a collection of ten different varieties of cooked food. She was in competition with H. E. George of Hebron, who had a collection of ten different varieties of cooked food. She also had a loaf each of brown bread and wheat bread, with their recipes.

Bertha Herrick of South Paris, 15 years of age, showed brown bread and gave her recipe. Mrs. Marion Shaw of South Paris, Mrs. M. E. Powers, South Paris, had brown bread. Mrs. Powers and Mrs. H. A. Swan, also of South Paris, had white bread. Mrs. W. King, South Paris, exhibited a fancy decorated cake.

The display of vegetables occupied a whole side of the hall and a part of another. It looks as though a wet season was good for them by the size and quantity shown.

George N. Emmons, of Elm Dale Fruit Farm, West Paris, had the largest display of apples and it would be easier to tell what he did not show, than what he did, as there would seem to be everything in large and small vegetables. He also showed clover, unusually tall, mammoth corn stalks, and for his corner he had a string of beans reaching from the floor to the ceiling, and filled with beans in the pods. He showed some beautiful varieties of Glads and Phlox and a vase of tuberous rooted begonias.

Norton Damons, West Paris, 13 years old, had an attractive display of garden products.

Sanford Brown, South Paris, showed turnip, cabbage, squash and onions. Harry W. Goodwin, Norway, showed onions, turnip, carrot, beans and peppers.

Malcolm Sloan, Norway, 11 years of age, had a tray of popcorn that was very plump and good, and worth exhibiting.

Louis Houghton, Norway, 15 years old, had a good display of tomatoes, cucumbers, summer squash, carrots, etc., and a variety of beans shown in plates.

Ernest Millett, South Paris, showed to-

Upper Hall

The three largest exhibits are as usual by the three Granges, Frederick Robie, Paris and Hebron, all vying with each other for the first prize money and the best of the exhibition.

Frederick Robie used for decorations about the edge of the booth, fir sprigs, with a plain row at the top and the bottom row set off with high bush cranberries, giving a touch of bright red to the decorations.

There were home grown hops. At the corners were high stalks of corn. Among the articles on display were flowers and plants, vegetables, and among them a frank fruit, a new concoction of five flavors, was a novelty in the candy line.

The man in charge showed you how it was puffed. The idea was introduced from the West. The Universal Society of Norway occupied their same place and catered to the hungry at any and all times of the day. They served sandwiches, hot coffee or tea, doughnuts, all kinds of pies, etc.

ALBANY-HUNT'S CORNER

Interesting Grange Meeting—Pomona at Wilson's Mills.

A very pleasant affair was the last Grange meeting held at Hunt's Corner, where the members of the Pomona Grange, under the leadership of their president, Mr. W. I. Bull, were invited to visit with the Round Mountain Grange on their night. A very nice program was given consisting of:

Song, "America".....Rev. W. I. Bull
Roll call, What Most Interested Me On My Vacation.....Rev. W. I. Bull
Reading.....Celia Gorman
Music.....Benny Robertson
Asthetic Dance, encore.....Benny Robertson
Reading, encore.....Raymond Bennett
Solo.....Mrs. Anna Harsham
Remarks.....Rev. W. I. Bull
Bro. Herman Mason, Ira Hickford, Mr. Bull and others.

After the program, harlequin ice cream and cake were served by Round Mountain Grange.

A party of three "Ford loads" left Albany last Saturday morning about seven o'clock enroute for Wilson's Mills, where Oxford County Pomona was held. The trip was made by way of Searow, Auger Falls and back by way of Dunbar, Berlin, Gorham, etc. During the noon hour, a visit was made to the big dam which is six miles beyond the Town Hall where the meeting was held. It was a beautiful day and a fine trip with an interesting meeting and a hearty dinner.

Those in the party were George Cummings, Mr. and Mrs. W. I. Beeler, Mr. and Mrs. Lester Allen and two little boys, Mr. and Mrs. Hugh Stearns, J. G. Meserve, Mrs. Inez Bean, Miss Sadie Murphy, Mrs. Alta Bird and two children.

DEPENDABILITY
"Ability" is an excellent thing—but it means very little unless it is accompanied by Dependability.

To be "dependable" means this: When people depend on you to do something, you will not accept any excuses for yourself for not doing it.

It is the one thing that is better than just being "able" to do a thing. If we can also be depended on to do it—and to keep on doing it!

DENMARK

Last Regular Movie—Church Items—Canvass Week.

Tuesday evening, twenty-two young people went on a corn roast to Wood's Pond.

The community movie, the last regular one of the season, was the western picture, "Nevada" and a two reel comedy, "Row, Sailor, Row." Nearly every seat was taken.

Roll call, Sunday, was observed in both church and Sunday school. The church was practically filled. The sermon topic was "The Little Things of Life." Miss Rowland, from the Inn, sang two delightful solos, accompanied by Mrs. Angie Colby. At the evening meeting, Mr. Wood spoke on "Expanding Horizons," following the half hour sermon. Next Sunday will be designated as "Fellowship Sunday" and the five fraternal orders in the community are especially invited to attend.

This is Canvass Week in the community. Each home will receive a friendly call from a neighbor and contributions will be received for the maintenance of the "little white church on the hill."

Mrs. I. K. Ingalls has been ill for the past several days.

Mr. and Mrs. Irving Trumbull are entertaining company from Massachusetts. Mrs. Frank Mitchell is entertaining her sister, from Tampa, Florida, for three weeks.

The A. C. Ozarka
Ready to plug in your electric light socket. No batteries—no eliminator necessary. This is the first announcement of the Ozarka A. C. Radio or 1929, the result of six months study plus the experience of our six years in the radio business.

It is the most perfect radio that Ozarka engineers know how to build. In addition we have had the benefit of that finest known laboratory of radio engineers—the Radio Corporation of America.

This combination has produced this new Ozarka A. C. and we do not hesitate to offer it as a masterpiece for selectivity, tone, volume and distance.

In the circuit of the new Ozarka nine tubes are used. One rectifier tube, four stages radio frequency, amplification, one tuned detector and two audio stages, the second audio being push-pull, using 112 tubes on account of their high amplification being 2-1.2 times as great as that of 121 tubes.

Single control, with no compensator needed. Enormous volume which makes daylight reception possible on more distant stations, and the new Magnetic and Dynamic speakers make the tone even better than before.

Installation and six months service go free with each Ozarka. Will be glad to give you a demonstration in your home.

The new Buick is the New Style

Graceful contours instead of straight lines...the gleam and sparkle of brilliant colors and chrome plating instead of drab effects...the most beautiful bodies ever built... Buick's masterpiece bodies by Fisher

At a time when motor car beauty was practically standardized—when imitation was the vogue—when there was a glaring lack of originality in body design—Buick has swept far beyond the commonplace and achieved a style which the entire country is acclaiming as the most distinctive and beautiful ever shown!

Fisher, the world's foremost builder of automobile bodies, has cooperated with Buick, the world's foremost builder of fine cars, to create a new mode—a new fashion—and so luminous is the result and so eagerly is the public welcoming it that Buick's great factories have reached new

production levels in an effort to keep pace with an ever increasing demand!

Inside and out, the new Buick bodies by Fisher are the most beautiful ever built. Together with the wonderful new standards of performance introduced by the Silver Anniversary Buick, they are winning the greatest demand and the greatest preference ever enjoyed by any fine car!

The new Buick is the new style! And by that is meant, not merely a new type of beauty—not merely a thrilling turning point in body design—but a great countrywide vogue!

Poultry Account Lead To Increased Egg Production

Maine farmers have used 4000 poultry account books put out through the Extension Service and County Farm Bureaus. Such popularity must be deserving. Some facts resulting from a study of the records kept by twenty of these poultrymen who have been keeping an account of receipts and expenses for the last five years, gives a clue to the wide use these books are getting.

To begin with, these twenty men averaged to increase production 13 eggs per hen. Of the several factors upon which poultry profits are based, egg production is the most important. More eggs the hen lays, the greater the profit. The flocks that averaged less than 120 eggs per hen per year, paid a labor return of \$2.02 while those averaging over 143 eggs paid \$4.08 per hen. What are you getting for egg production?

Average labor returns per hen for the five years were \$3.07, \$3.47, \$3.97, \$3.01 and \$3.79, showing little change from year to year. The average egg prices received by the twenty flock owners for the five years were \$4.1, \$4.2, \$4.1, \$4.4 and \$4.1 per dozen. Yearly increases in prices for eggs were largely due to increased egg production per hen.

Keeping an account therefore gives one a basis for intelligent culling, selection and breeding. Six of the poultrymen selected breeders each year during the five years. The average egg production in those six flocks increased from 131 eggs per hen in 1922 to 174 in 1926. This fall there will be ten selected breeder demonstrations, 3 culling demonstrations and 3 killing demonstrations held in Oxford County by Donald H. Ridley, County Agent. Farm Bureau meetings are profitable to those who attend.

KEZAR FALLS

Pastor Returned from Vacation—Locke-Stanley Wedding—Miss Fox to Enter Bay Path Institute.

Rev. Arthur Callaghan occupied his pulpit in the M. E. church Sunday, Sept. 2nd, after nearly a month's absence. His presence was very welcome to his people. The pulpit was efficiently supplied during his absence, but there is a remoteness between pastor and people who meet as strangers. There runs a legend in this town, that it takes a year and a day for pastor and people to become acquainted. It is different elsewhere. Mr. Callaghan brings his family home from their summer camp, early in the week. Mr. Callaghan passed his vacation teaching a summer school. Mrs. Callaghan spent her vacation with a sick friend. Ministers and their wives may have vacations, but they do not mean leisure.

The marriage of Doris E. Stanley to Lloyd G. Locke of Bridgton, was consummated at the home of her parents on the evening of August 30th, Rev. Arthur Callaghan officiated. The house was beautifully decorated. Every thing that bears for the occasion. Only relatives and friends of the bride were privileged to attend the ceremony. The bride was fair to look upon and the groom a fitting mate. The bride was attended by her youngest sister and the groom by his chosen friend. When the service was over the little flower girls performed their part and scattered their flowers in the pathway of the happy pair. Pelletations and congratulations had the right of way and Mr. and Mrs. Locke were more than busy receiving their many friends. On the dining room table the wedding cake was the center of attraction and some time during the dispensing of refreshments, the bride and groom mysteriously disappeared and seekers high and low failed to discover them.

Miss Vena Fox, who for many months has been one of the efficient clerks in the Woolen Mill office and much esteemed, has gone with her brother, Robert, to Springfield, Mass., where they will enter the Bay Path Institute.

Mr. and Mrs. James Kavanagh of Wilmington, Delaware, who have been the guests of Mrs. Kavanagh's parents, Mr. and Mrs. James Chapman, have returned home.

Man So Nervous Gets Sore When Spoken To

"It actually irritated me to have any one talk to me, I was so nervous. Vinol ended this and I feel wonderful now."

Wm. Fahy.

Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. L. V. Ashton, Druggist.

NORTH LOVELL

North of Mrs. Warren—Callers at McKeen's—School Commenced—McKeen's Take Trip to Canada.

Another sudden death in this community. Little Rose, wife of Fred Warren, died very suddenly at her home, Friday, Sept. 7, after two hours of terrible suffering. It was a great shock to the family and many friends, as she had been as well as usual all day and in the evening. She passed away about one o'clock.

She was a native of Buckfield, and after her marriage to Mr. Warren, she lived in this vicinity. She was a devoted wife and mother and one of the best of neighbors, always ready to help in distress and trouble, and with a pleasant word and smile for everyone. She leaves to mourn their loss her husband, three children, and many friends.

Mrs. Alba Grover of Buckfield and Mrs. Thaxter Littlefield of East Stoneham, two sons, Henry and Frank, and a daughter, Mary, were at the funeral, which was held at the church at East Stoneham, Sunday, Sept. 9, at 10 o'clock.

Burial was in the cemetery at East Stoneham.

BRIDGTON

South Bridgton Pastor to Go to New Gloucester—Colby Richmond Entered College—Sneepie and Diamond Gave Thrill—Death of Mrs. Johnson.

Rev. E. W. Rankin of South Bridgton has accepted a call to the pastorate of the Congregational Church at New Gloucester.

Colby Richmond, who was graduated last June from Hebron Academy, has entered Springfield Y. M. C. A. College. His mother went to Springfield with him last week and this week Mr. Richmond has gone to Massachusetts for a visit.

Mr. and Mrs. Blynn Davis have returned to their home at Falmouth, Mass., where Mr. Davis is principal of the high school.

Sneepie, the Ape, and his son, Diamond, gave the townspeople a thrill Saturday afternoon, when they climbed the Methodist Church steeple. From the top of the steeple, they gave acrobatic and vocal solos. This stunt was under the auspices of the American Legion.

The community was grieved to learn of the sudden passing of Edna Bennett Johnson, a former resident of South Bridgton. Services were held at her home at South Bridgton, Friday afternoon conducted by Rev. John Graham, a former pastor at South Bridgton. Selections, "Nearer My God to Thee" and "Safe In the Arms of Jesus" were rendered by Margaret Sias Denison and Alice Smith Denison, classmates of Mrs. Johnson, at Bridgton Academy. The flowers were a silent testimony to the esteem in which the young mother was held by friends and relatives. Besides her husband, she leaves two small sons and father, mother and sister. Her father teaches the Primary school at South Bridgton and a coincidence is that the young nephew is beginning his first term of school with her.

At the meeting of the Paragut Memorial Association, Friday evening, it was decided to have a harvest dinner at the hall, Thursday, Sept. 27.

Mrs. Blanche Mitchell is employed at the Brown-Hanson Store during the vacation of Gertrude Whitcomb.

Concerning Contentment in the
Church (1:10-13).

Exhortation (v. 10). "That ye
all speak the same thing."

In view of the fact that he besought
them in the name of Jesus Christ, the
one thing which he desired them to
speak was the name of Jesus. The name
of the Lord stands for all that the
Lord is and does. "That there be no
divisions among you," that is, no fac-
tions, no alienation of affection. "That
ye be perfectly joined together in the
same mind and in the same judg-
ment."

2. The reason for this exhortation,
v. 11.

Word had been brought to Paul by
members of the household of Chloe
that wrangling was going on among
the members of the Corinthian church.
He assured them that he had suffi-
cient evidence of the strife which was
going on among them.

3. Nature of the contentions (v. 12).

Their disputes were about their
teachers. Their interests were cen-
tering in their favorite ministers.
Some were for Paul, perhaps attracted
by his logic; some were for Apol-
los, doubtless moved by his stirring
eloquence; others were for Peter.
Senseless these were Jewish converts
who looked to Peter as their author-
ity. There were still others who had
as their cry "back to Christ," repudi-
ating all human teachers.

4. The grounds of allegiance to
Christ (v. 13).

(1) He is Head of the whole church.
The unifying power of the body is
the head. He raised the question, "Is
Christ divided?" The mere raising of
the question gave the answer.

(2) Redemption accomplished.
By his atoning death He has ac-
complished redemption for all.

(3) Allegiance to Christ acknowl-
edged in baptism. By one Spirit are
we all baptized into one body (I Cor.
12:13).

(4) Concerning Christian Ministers
(3:1-4:5).

Since the dissensions in the church
gathered around the ministers, Paul
proceeded to cure the evil by exhibit-
ing the ministerial office in its true
light. To conceive of ministers as
party leaders or teachers of philoso-
phy leads to divisions. Divisions in
the church occur when men are oc-
cupied with the messenger rather than
with the message. The cure in such a
case is to get a right conception and
proper estimate of human teachers.
Ministers really are:

1. Servants of God (v. 5, 6).

They are instruments in His hands
for the execution of His will. They
are men sent to deliver a message,
to do a definite work.

2. Ministers are equal in rank (v.
7).

They are called by the same spirit
to teach the same truth, and there-
fore stand in the same relationship.
Official hierarchy in the church has
no foundation in the Scriptures.

3. Every minister must give an ac-
count to God for his work (v. 10-21).

If he lay other foundation than
that of Christ he is not a Christian minister
at all. If he build sound doctrine on
the foundation he will receive a re-
ward. If he build false doctrine on a
false foundation he will suffer loss and
receive punishment. A wrong and an
unjust will be to him who builds good
material upon a wrong foundation,
and likewise to him who builds poor
material upon a right foundation.
Human wisdom has no place in the
sovereign work of building; the church
of God.

4. Ministers are the property of the
church (v. 22, 23).

Strangely the assumption is that
the church is owned by the ministers.
Ministers should be followed only as
far as they follow Christ.

5. Ministers are God's stewards
(v. 24).

Their business is to dispense His
truth. They do not originate the mes-
sage. God demands fidelity on their
part and He will enter into judgment
with them as to their faithfulness.

Proof of a Divine Reality

The best proof of a divine reality at
the heart of things is the passion for
growth, the desire for perfection, that
makes itself felt in all who are sen-
sitive to the possibilities of spiritual
attainment.

Being Content

We have been content with a slight
elevation above the evils of our time,
and not intent on the inward search-
ing, purifying and consuming of the
Holy Spirit.—F. B. Meyer.

school work in Ridgewood, N. J., after
spending the summer in his "Cabin" on
Bear Pond.

Mrs. A. M. Newell left for her home in
West Milan, N. H., on Monday. Her
mother and sister, Mrs. A. A. Monroe and
Eliel, went with her and will stay for a
short visit.

At Grange meeting, Saturday evening,
the 4H Club had an exhibit of their work
and it was reported as very good. Miss
Ada Curtis is the leader of the Club.

A bad drowning accident occurred on
Bear Pond, late Sunday afternoon, when
a boat suddenly capsized, throwing three
men from Auburn into the lake. Two
of the men clung to the overturned boat
and some men on the shore saw them and
went to their aid and they were safely
brought to shore. Thomas McKluskey of
Dorchester, Mass., was a good swimmer
and he started for shore, when he was
late at night the body had not been re-
covered. These men and their wives
were spending the week end in town,
boarding at W. C. Goodwin's.

The Greenleafs of Auburn were at her
father's, Charles York's, over the week
end.

EAST STONEHAM

Sarah Kennison of South Paris has
been visiting her sister, Hazel Files, for a
few days.

Mrs. Ada Hill is visiting Mrs. Lulu
Kimball at Lyndville.

Mrs. Herbert Dadman has been sick
caused by having teeth extracted.

Elsie Merrill has gone to East Water-
ford to work at Roland Littlefield's.

S. A. Stearns was through town one
day this week taking orders for Health-O
products.

Eugene Evans has gone to Rochester,
N. H., to spend the winter.

This town was saddened to hear of the
sudden death in North Lovell of Mrs.
Linnie Warren. Mrs. Warren had been
in poor health for some time but the end
came suddenly. She will be greatly
missed by many friends in this town as
the family formerly made their home
here. Mrs. Warren was a fine neighbor
to her friends always jolly and happy.

She leaves to mourn their loss, a husband,
a sister, Miss Florence Smith, a brother
in New Hampshire, four children, Henry
and Frank and Louise Littlefield of East
Stoneham, Mabel Grover of Wellsville
and six grandchildren.

Now is the time to think of providing
reading matter for the fall and winter.
